

## Guidelines for Accessing Third-Party Products via BugleRock Capital Private Limited (BugleRock Capital)

Dear Client,

As part of SEBI and Exchange directives ([Ref: NSE/INSP/68566, dated June 16, 2025](#)), we at BugleRock Capital would like to inform you about the updated regulatory framework regarding the offering of third-party products (TPPs) through our platform or any related application.

### What You Need to Know

- **Only Regulated Products:** We will only offer products that are regulated by SEBI or other financial regulators like AMFI, IRDAI, PFRDA, or RBI.
- **Disclosure & Transparency:** All third-party products will be displayed under a separate tab/page with full details including the name of the product and the registration number of the regulator.
- **Your Data is Secure:** Your personal and trading data will remain secure with us. It will not be shared with any third-party provider without your explicit, opt-in consent.
- **Payments Stay Direct:** Any payments you make for third-party products will go directly to the product provider. Funds will not pass through BugleRock Capital unless explicitly allowed by regulators (like for NPS).
- **No Bundling or Mandates:** You are under no obligation to use any of the third-party offerings. These are entirely optional and not linked to your trading account.
- **No Tripartite Agreements:** BugleRock Capital will not be a party to any agreement you enter into with a third-party product provider.
- **Login Security:** Access to the broking section of our app or platform will always be protected by two-factor authentication (2FA), as mandated by SEBI and stock exchanges.

### For Your Protection

We want to ensure you are empowered with choice and protected by regulation. Our platform is committed to providing you with a seamless and secure experience — whether you're trading or exploring optional financial services.
